1	Agenda Item II B	CPC	Are you in support of developing a pamphlet for mental health professionals?	24	0	GSR Comment: YES! Absolutely! I work in the MH field and they need educating....TRUST ME!!!!
2	Agenda Item III A	Corrections	Do you agree that the word "inmate" and "offender" should be dropped from AA literature?	12	8	Multiple comments: 1. What are some acceptable synonyms? 2. This caused some confusion, and was a yes by a slim margin—incarcerated person was the option that was presented by my group. Others said "if you don't want to be called an inmate, don't commit a crime..." so there's that; 3. Per member, accepted term is incarcerated person. The options they gave in our materials were "convict" and "incarcerated person" our group does not like the term "convict"
3	Agenda Item IV C	Finance	Do you think the 1972 decision by the General Service Conference should be changed to allow Clubs to contribute funds to GSO?	11	11	Multiple Comments: 1. My group stated that because each group is autonomous and should be making contributions on behalf of themselves, they felt it was not necessary to change this protocol. 2. my group needed lots of clarification on the actions and set up of "clubs" because many of them got sober within lockdown
4	Agenda Item V C	Grapevine & La Vina	Do you think the AA Grapevine Inc. should produce a pamphlet on how to use the AA Grapevine to carry the message?	13	8	1. My group doesn't think additional pamphlets is appropriate for the future audience of alcoholics 2. my group said - just tell them to read them, why do you need a pamphlet? 3. Newcomers had no idea what Grapevine was
5	Agenda Item V E	Grapevine & La Vina	Do you think the preamble should be (or should not be) changed to de-genderize it's subjects? (e.g., "Fellowship of men and women" to "fellowship of people?")	19	6	
6	Agenda Item VI B1	Literature	Do you support adding pages 3-41 of the pamphlet "The AA Group" as an appendix in the 5th edition printing of the Big Book?	14	12	1. My group said they didn't think it supported the message in the big book. I personally think it would be good for groups so that they read it in book studies. 2. A question about the cost impact to the big book if we add this extra content to the book
7	Agenda Item VI B 2/C1	Literature	Do you support the publication of a 5th edition Big Book in English?	23	3	
			Do you approve of an addendum of gender terms?	17	7	1. AA is about inclusion and we are living in 2021. Our understanding of gender identity etc... has evolved as should we 2. My group wanted to explore options outside of "fellowship" since it is masculine
			Do you agree with changes to Appendix iii and v?	19	5	One group would like to separate these two changes into two different actions
8	Agenda Item VI E 1&2	Literature	Do you support (or not) removing the phrases "opposite sex" and/or "lustful enough to rape" from the Twelve and Twelve?	21	2	1. my group was curious as to why "angry enough to murder" on pg 66 was not also included 2. one group definitely thought this one should be separated, because they were clearly in favor of one, and opposed to the other. "remove opposite sex (spirit of inclusivity). do not remove lustful enough to rape (it is intended to be the extreme)" 3. My group also didn't think these two should be lumped together. 4. Several groups echoed the need to separate
9	Agenda Item VI U	Literature	Do you support (or not) the development of a Plain Language Big Book as an Agenda Item at the 2021, 71st Conference of A.A.	19	3
